PLOPPING THROUGH INTEREST. The manufacturers who have been " proteeted" into millionaires are naturally flop-

ping over to the Republican side. They want a continuation of the bounties under which they bave grown rich. If they really thought that a reduction of the war duties would result in a lowering of wages, does any workingman believe they would resist it? Has this class of employers ever been known to fail to seize an opportunity to lower wages? During the last dozen years,

have not wages always been the first thing to be cut in the frequent periods of depression and the last thing to rise in the infrequent booms ?" When a rich manufacturer fights a reduc-

#### GOING BACK.

The three hundred swindled and disgusted Italian emigrants who sailed yesterday for their native land will do more to check the forced immigration from that country than all the laws that can be passed, while the present impotent commission sits blindly at the great port of entry.

Let it once be learned by word of mouth that immigrants cannot "pick up gold in the streets" of America; that jobs at \$1.50 or \$2 a day are not waiting for unskilled labor, and that the condition of poor Italians in New York is no better and often worse than in their native land, and the unnatural immigra-

The Policeman Had to Make a Bluff, but He Didn't Bear Any Malice.

It was after 1 o'clock certainly, and unmistakable sounds of revelve came rippling through the transom over the "family entrance" to a certain Third avenue saloon last

The laughter of the men in the saloon and the merry cluking of glass to glass still made the night air musical.

But there were two guardians of the peace and enforcers of the law on the corner, and a secret known to two is no secret at all.

So Roundsman Z. said s'ernly: "What are you standing here for? Go and arrest that barkeeper. Have you no ears?"

And the officer obeyed. He rapped at the family entrance, and Tommy, the barkeeper, opened the door just a little crack. Then he awung it wide, with "Oh, it's you again. I"—

the competitor and the date on which it was sent.

The jokes may consist of from one word to 200. The latter limit must not be exceeded and competitors should bear in mind that brevity is often "the soul of wit." A joke of a few lines, if first class, will stand as good a chance of winning the prize as one of twenty lines.

The prize will be \$25 for the best joke submitted. Bill Nye will read all jokes sent in, and will in his ripe judgment determine the winner. Some of the jokes will be published from time to time, but the publication or non-publication of a joke will have no bearing upon the final decision. A joke may be published and yet finally ruled out because it may be a "chestnut."

THE EVENING WORLD cannot undertake to acknowledge the receipt of all jokes sent in, other than that the publication will of course be an acknowledgment. Great care, however, will be taken to preserve all jokes received, and to see that judgment is passed upon them by Mr. Nye.

It has not yet been determined when the contest will close. That will depend upon the degree of interest aroused by the contest. But it will be well for competitors to send in their jokes at once, as in the case of two jokes of equal merit, priority of reaching. There was something in the eye of Policeman X, that made Tommy pause, and he caught sight of the roundsman behind him.

A Fifth Avenue Milliner Discourses on the Derby for Women.

"Yes, it is true that derby hats are fash ionable for young women," said a Fifth avenue milliner to a reporter for THE EVEN. ING WORLD, and she added, "but I don't expect they will be sold to any very great extent. "There are people who always admire the

say that they have a masculine appearance.
Derbys will be worn more in the fall than at present, I am inclined to think.

"All that have been ordered here have been trimmed with veiling or feathers, which

Pretty Girl, a Big Policeman and a Vic tery for the New Yorks. It is astonishing how many times the big policeman figures in a story of city life. He

seems almost omnipresent. He was walking leisurely up one of the side streets leading to the summit of Murray side streets leading to the summit of Murray Hill from the east one recent morning.

Just as he arrived near the line of Madison arenue, a pretty little housemaid tripped down the steps of a corner house and rushed bit hely around the corner, looking anywhere but in the direction of her steps.

Of course she ran plump into the big policeman and her head nestled snugly, for an almost carculable interval, against the manly, blue-coard breast.

When the pair finally separated, the pretty girl blushed and said, "Oh!"

The policeman smiled and said "Ah!"

And time very afternoon the New Yorks won a great victory on the Polo Grounds."

Gatemen Who Could Catch Fish. To the Editor of The Evening World:

For the benefit of fishermen who may de sire as fine a catch of weakfish as I saw pulled in by Mr. J. M. Budd and his gateman, Mr. Hutchinson, of the Fifty-third street and

Eighth avenue station, "L" road, downtown side, I take pleasure in tendering the information.

The mess weighed something over fifty pounds, the largest fish captured by Mr. Budd weighing three and one-half pounds, the smallest about one and one-half pounds. Having been an eye witness, I would further state that the fish were caught off the light-house at Prince's Bay, July 31. Very respectfully, WILLIAM OLMSTED.

Supporting the One-Cent Stands. To the Editor of The Evening World : I have been watching with great interest
